2024-2027

Develop our infrastructure to support and increase our fundraising opportunities. Develop our infrastructure and funding streams to invest in more.

Increase knowledge and understanding of the impact of living with a neurological tremor.

What this means for you

By increasing fundraising, we will have the capabilities to invest and expand. By increasing our volunteer capacity, we can raise more awareness about neurological tremors.

By increasing awareness, it allows for greater opportunity for support, research and treatment.

How will we know we have achieved this? Increase in individual and grants fundraising.

Increase in number of corporate partners.

Increase in number of volunteers and groups.

Increase in number of events and attendees.

Increase in resources.

Increase in number of people reached and engaged.
