

Salisbury Shakers

No spills for the Salisbury Shakers!

The Salisbury Shakers held a meeting on November 2nd. Despite the horrendous wind and rain, seven members gave up the rugby world cup match to attend.

We were expecting a visit from Paul from Gyrogear who was coming to demonstrate and talk about the Gyroglove. However, Paul was unable to come at the last minute.

Instead, Sheelagh brought along her recently acquired birthday present to show the group. This is a tray with a handle and a non slip mat. It is fairly heavy and, for that reason, remains steady even when carried by the shakiest of Shakers. The tray also has a non slip mat as extra security.

Everyone had a go

Using the tray with a full, uncovered cup of water, each member practised carrying it across the room. Not a drop was spilt, even by the shakiest member present, who couldn't believe it!

The group then went to the Fisherton Warehouse for lunch where they discussed their future careers as waiters and waitresses (as long as they could bring their own trays!)

Next meeting and the one after

Our next meeting is on 30th November and is a visit to the Salisbury pantomime, Robin Hood. Tickets are booked but there is one spare, if anyone would like to join us. (Email Sheelagh on salisburyshakers@btinternet.com)

After that, our next regular meeting will be on January 11th in Salisbury. Please email Sheelagh for details.
